

# **Fundamentals of Plasma Physics – II**

Prof. Dr. Jürgen Meichsner  
Institute of Physics, University of Greifswald

## **2.1. Elementary processes in plasmas and at surfaces**

- *Generation and recombination of charged particles in gas phase*
- *Generation and recombination of charged particles on surfaces*

## **2.2. Radiation and waves in plasmas**

- *Emission and Absorption of electromagnetic radiation*
- *Waves in magnetized plasmas*
