

Introduction to Plasma Physics

Prof. Dr. Jürgen Meichsner
Institute of Physics, University of Greifswald

1. The plasma state of matter

- *Introduction*
- *Plasmas in nature and laboratory*
- *Gas discharge plasmas*

2. Applications of plasmas (overview)

- *Plasma chemistry*
- *Plasma surface treatment*
- *Plasma as particle source*
- *Plasma as light source*
- *Fusion plasmas*
